Thanks. Initially, we were under the Bloomberg Grant in 2012 for the first 3 years. Then we were funded by Pyramid Peak. This past year we received \$450,000 from the city. The funny thing with that is Mayor Strickland had me to double my team from 10 to 20 in March 2018 but they didn't give the extra \$450,000 they committed. Now they are saying funds are scarce. Troubling... I guess that's how politics go. We are thankful for everything they were able to do for us.

Gosh. I had no idea funding was running out ! How are you funded ? City? Federal ?

I don't know of anything available right now but will keep my eyes open.

Good morning Mr. Gibbons,

It was indeed an honor to meet you. Thanks for the kind words of encouragement. I wanted to let you know that the intervention team that I supervise (901 B.L.O.C. Squad) has run its course after 6 good years of funding and work. August looks like our last month in existence. I was trying to see if you knew of any opportunities for employment in the field of community safety and gun violence? I have a master's degree and no felony convictions. I have 2 misdemeanors that are going through the expungement process with Just City as we speak that are 20 years old (1998). If you know of anything, please let me know. Also, you mentioned me getting with you on some speaking engagements. I would love to at no charge. I love sharing ways to better our county. My apologies for the long note, but I wanted to get everything in.

Thanks,
